

PRESS RELEASE

Stajvelo & Lanéva Boats  
participate in the  
**EY World Entrepreneur Of The Year™ 2019**

Deluxe excursion based on “made in Monaco” e-mobility

---

***The electric bicycle company Stajvelo and the boats manufacturer Lanéva boats team up to organize an event on 8 June 2019 for EY World Entrepreneur Of The Year.***

Each year, EY celebrates the best entrepreneurs - the kind of people who always look for new solutions, combinations and possibilities.

The event will take place in Monaco.

The event will start at 9:00 at the Hôtel Hermitage. EY World Entrepreneur Of The Year participants will ride Stajvelo e-bikes in the Monaco streets to Stajvelo atelier in Fontvieille. A breakfast and a presentation of the company will follow. They will then ride to the Yacht Club de Monaco where Lanéva Boats will present the company and provide a tour on an electric boat in Hercule Harbor.

The objective of this event is to focus on “made in Monaco” e-mobility.

While having fun, these entrepreneurs will learn that using energy has a significant impact on the environment and discover the importance of saving resources. Stajvelo and Lanéva boats are both Monaco-based companies.

**Stajvelo**

Created in 2017, Stajvelo embodies a new vision of mobility.

A safe way to get around, in style and comfort, pedal instinctively and experience the routes with greater freedom, all while taking care of yourself and the environment.

Its first product, the RV01, is a top of the line urban electric power assisted bicycle made in Monaco. Created in advanced injected composites, it combines revolutionary design with the highest level of technologies and craftsmanship.

A new road racing performance bike, the Beau Rivage, has just been released. Enjoy the ride!
